

The 2025 Pay for Performance Program

The YouthCare Pay for Performance (P4P) Program rewards its contracted partners in care for delivering quality preventive healthcare services such as children’s and adolescent’s immunizations, well-child visits, and weight assessments.

We listened to your opinions and have added an additional, lower target (the 50th percentile) for 2025. Our YouthCare P4P incentives for Primary Care Providers (PCPs) now includes a third target to reward incremental advancement.

Please contact your YouthCare Quality Practice Advisor, Associate Quality Practice Advisor, your Provider Relations Representative at ILProviderRelations@mhplan.com, or Provider Services at 844-289-2264 with questions.

The quickest way to access updated program information is via the [secure provider portal](#). There you can view updated performance data, target percentile status, and payments earned year to date.
