

The 2026 Pay for Performance Program

The YouthCare Pay for Performance (P4P) Program rewards contracted partners in care for delivering quality preventive services such as children's and adolescent's immunizations, and well-child visits.

For 2026, there are three P4P incentive target levels for YouthCare Primary Care providers to reward incremental advancement.

Updates for 2026

- There are more Child and Adolescent Well-Care Visits (WCV) incentive categories to better represent childhood development
- Many healthcare services can be completed via telehealth. See measures noted with a star ★
