The following is intended to assist pharmacies when navigating within the CVS Caremark Pharmacy Portal in order to submit MAC Appeals.

## Screen 1: Log-in Page

Upon entering the link to the Pharmacy Portal, you will reach the log-in page.

If you are an individual pharmacy and not already registered to use the Pharmacy Portal, click “Sign Up”, complete the validation procedures, and create a user name and password.

**If you are a chain or PSAO headquarters and not already registered, contact your CVS Caremark Network Account Manager to receive login instructions.**

**Note: The Pharmacy Portal is the same site many providers have accessed for MAC look-up inquiries based on various state requirements; it also is the site for pharmacy re-credentiating activities. If your pharmacy has previously registered, click on “Sign In”; if your pharmacy has not registered, click on “Sign Up” and follow instructions.**

The recipient of this fax may make a request to opt-out of receiving telemarketing fax transmissions from CVS Caremark. There are numerous ways you may opt-out: The recipient may call the toll-free number at 877-265-2711 and/or fax the opt-out request to 401-652-0893, at any time, 24 hours a day/7 days a week. The recipient may also send an opt-out request via email to [do\\_not\\_call@cvscaremark.com](mailto:do_not_call@cvscaremark.com). An opt out request is only valid if it (1) identifies the number to which the request relates, and (2) if the person/entity making the request does not, subsequent to the request, provide express invitation or permission to CVS Caremark to send facsimile advertisements to such person/entity at that particular number. CVS Caremark is required by law to honor an opt-out request within thirty days of receipt. An opt out request will not opt you out of purely informational, non-advertisements, Caremark pharmacy communications such as new implementation notices, formulary changes, point-of sale issues, network enrollment forms, and amendments to the Provider Manual.
