PREFERRED DRUG LIST

Pharmacy Program

YouthCare HealthChoice Illinois is committed to providing high quality drug coverage to our members. We work with providers and pharmacists, as well as the Illinois Department of Healthcare and Family Services and the Department of Children and Family Services to make sure we cover drugs used to treat many conditions and diseases. YouthCare covers prescription and certain over-the-counter (OTC) medications when ordered by a network provider. The pharmacy program does not cover all medications. Some medications require prior authorization (PA) or have limitations on age, dosage, and maximum quantities.

Filling a Prescription

You can have your prescriptions filled at a network pharmacy. At the pharmacy, you will need to give the pharmacist your prescription and your ID card. You can find a pharmacy that is in the YouthCare network by using the Find a Provider tool on www.ilyouthcare.com. If you need help finding a pharmacy near you, or if you have any questions about drug coverage, call us at 844-289-2264 (TTY: 711).

There is no cost for covered drugs.

If your medication is not on the preferred drug list or is on the preferred drug list but has limitations, you can:

1. Speak with your doctor about switching to a similar medication that is on the preferred drug list.

2. Request a prior authorization, or speak to your doctor about submitting a prior authorization for you. You or your doctor may do this by submitting the medication prior authorization form, found on www.ilyouthcare.com.

Psychotropic Medication Consent (DCFS Rule 325)

For Children in YouthCare whom the Illinois Department of Children and Family Services (DCFS) is legally responsible for, consent must be obtained prior to the administration of any psychotropic medication. Consent requests must be submitted directly to the DCFS Centralized Consent Unit (CCU) using Form CSF431-A, available on www2.illinois.gov/dcfs.

CFS 431-A Psychotropic Medication Request Form

CFS 431-A Psychotropic Medication Request Cover Sheet

Generic Drugs

Generic drugs have the same active ingredient and work the same as brand name drugs. When generic drugs are available, the brand name drug will not be covered without prior authorization, unless the brand name is preferred over the generic.

Specialty Drugs

Specialty drugs are usually not available at retail pharmacies, and require additional review and monitoring. These drugs are only covered when supplied by a YouthCare network specialty pharmacy. We work with Evolve Pharmacy Solutions and AcariaHealth to help oversee these drugs. Prior authorization request forms for specialty drugs are located on the YouthCare website at www.ilyouthcare.com.

Pharmacy Benefit Exclusions

The following drug categories are not part of the YouthCare pharmacy benefit:

- Fertility enhancing drugs
